## ABOUT VIA MOTIF

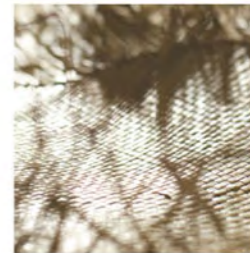

The Via Motif story begins, simply enough, with classic geometric form; the symmetry of clean lines combined with classic shapes to create a timeless sense of balance, beauty and artistry. For nearly 20 years, Via Motif designers have drawn inspiration from the harmony of blending simple classic shapes with an ever-expanding collection of luxurious, tactile materials created by skilled artisans at our company-owned manufacturing facility in Indonesia. Here, our dedicated staff takes tremendous pride in creating our collections of over 400 expertly crafted products for fine home and hospitality interiors.

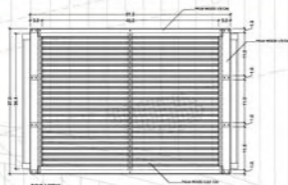

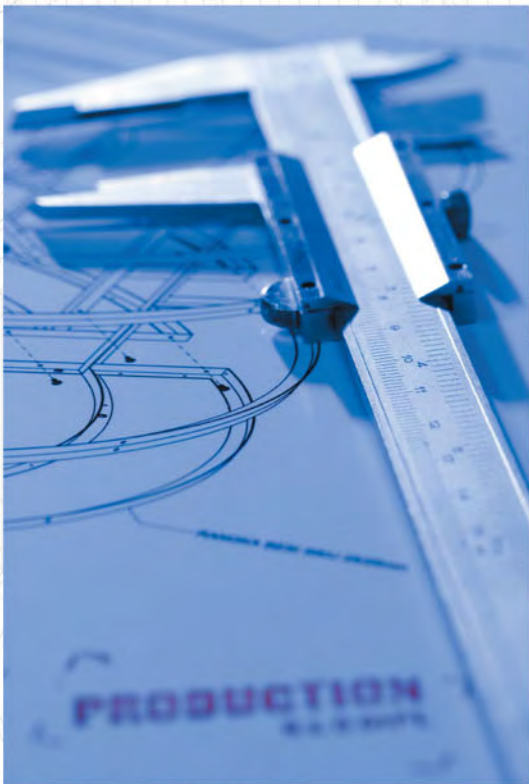

With offices on three continents, Via Motif's international design, manufacturing and sales teams work collaboratively on innovative textiles, production techniques and extraordinary new product collections that convey our company's distinctive vision of elegant simplicity. By combining state-of-the-art design technology with the heritage of handcrafted artistry, Via Motif has risen to prominence as a trusted design and manufacturing resource for a growing list of prestigious hotels, resorts, restaurants and retail locations. Yet, while we grow and expand to meet the changing needs of our global customer base, we work diligently to retain the basic principles of classic form, exquisite textiles and outstanding quality upon which Via Motif was founded.
