

The background of the entire image is a close-up, high-resolution photograph of a wood grain. The wood has a warm, golden-brown hue and a prominent, vertical grain pattern. A sharp, dark diagonal line runs from the bottom left towards the top right, creating a sense of depth and movement. The lighting is soft, highlighting the texture of the wood.

## ABOUT VIA MOTIF

At Via Motif, elegant simplicity comes to life. Our distinctive vision is modern, graceful and natural. Our collections combine simple, classic shapes with sustainable woods, hand woven materials, and metallic accents in rich tones and textures. Found in upscale hotels, resorts, restaurants and retail locations, Via Motif is synonymous with classic design, superior craftsmanship and exquisite attention to detail. With more than 400 products, the Via Motif brand encompasses a wealth of design options for fine home and hospitality interiors around the world.

The Via Motif lighting collection includes pendants, sconces, table and floor lamps that reflect the company's singular design sensibility of balance, beauty and artistry. Weaving together a tapestry of natural fibers, woods, lustrous filament and shimmering metallic wire, the collection includes an assortment of fixtures that create a unique, captivating quality of light that subtly shifts from day to evening. Designed to coordinate with the company's signature line of accessories, there are more than 30 inspired lighting choices for fine homes and hospitality interiors.

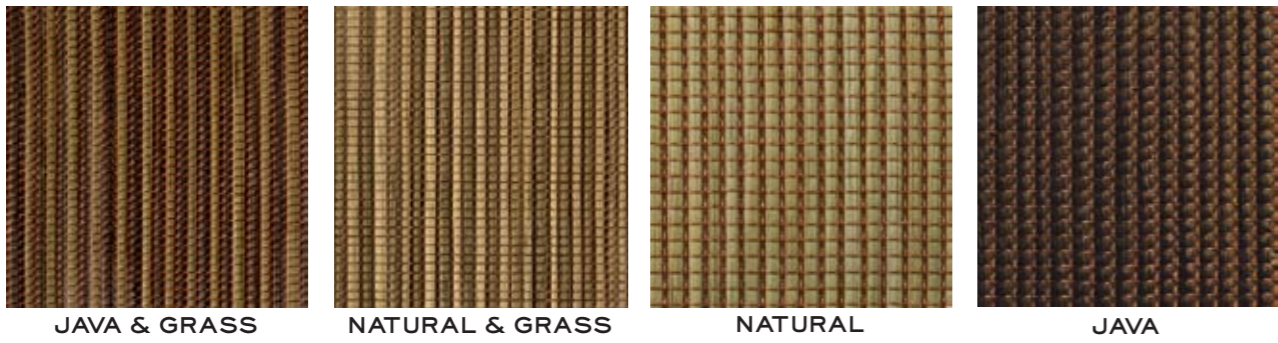

In addition to our exclusive lighting collection, we specialize in custom design for architects, design professionals and lighting specifiers. All of our lighting is handcrafted by our dedicated staff of skilled artisans to ensure complete control over the entire process – from concept to fabrication.
