

Coffee / Tea / Minibar

The Via Motif Difference

- We craft every single piece by hand
- We own our factory in Indonesia, where we employ 200+ skilled artisans and craftsmen
- Our accessories are contract quality, intended for high volume hospitality settings
- We never discontinue products; any piece that we've made once, we can reproduce, no matter how much time has passed since the original order
- We strive to exceed expectations on service – we are responsive, creative and user-friendly, so that the process is seamless and easy for our customers

Coffee / Tea / Minibar Setups

- We offer a range of coffee/tea/minibar setups that include trays, boxes and drawer inserts
- We offer options for both machine and condiments as well as options for just condiments
- We have a wide variety of existing forms, and also offer the option to customize
 - We provide R&D services (to design custom pieces) on a complimentary basis as a show of our commitment to the relationship
 - We do not upcharge for custom; rather products are priced based on the materials and labor required for the piece
