

# Finishes

# The Via Motif Difference

- We craft every single piece by hand
- We own our factory in Indonesia, where we employ approximately 250+ skilled artisans and craftsmen (we control every single aspect of production)
- Our accessories are contract quality, intended for high volume hospitality settings
- We have extensive custom capabilities and in-house R&D, which we offer on a complementary basis, and which allows us to pioneer VE options as needed
- We never discontinue products; any piece that we've made once, we can reproduce, no matter how much time has passed since the original order

# The Flexibility of our Finishes

- We work with a wide range of finishes including: Leather Match, Lacquer, Resin, Wovens and Wood
- Most finishes are available in a variety of colors (or wood tones)
- Almost all of our finishes can be applied to most of our forms, which means incredible design flexibility!
- This look book is illustrative of some of our popular finishes, but it is just the tip of the iceberg...
- We work consultatively to help you get exactly what you are looking for... after you flip through these pages, give us a call (or email), and let's get started started!
  - Niki's contact info: 561-762-6551 or [nzur@viamotif.com](mailto:nzur@viamotif.com)

# Finish Facts – Pandan

- Beautiful, woven aesthetic
- Natural fiber crafted from the Pandan leaf, with a strong sustainability story
  - Completely renewable resource, harvested by hand in a manner that allows the Pandan plant to thrive and grow indefinitely
  - Purchased with fair market prices from local suppliers in Indonesia with whom we've worked with for over a dozen years
- Available in a wide range of colors, but most commonly ordered in earthy tones like Java and Natural
- A material we've worked with since our company was founded nearly 30 years ago, and still one of our most popular today
- Installed at: Rosewood Le Guanahani, The Setai Miami Beach, The Boca Raton, and more!
